

Welcome to Martin County, NC,

...where a friendly wave is common...even from folk you don't know. It's just our way of expressing pride in where we live. And there are plenty of reasons to be proud. We have great natural resources, outstanding historic sites, and the world class Senator Bob Martin Eastern Agricultural Center, just to name a few.

Even though hundreds of visitors come here from around the world to paddle our creeks and swamps or fish in the Roanoke River, you'll probably feel as if you're the only one out there. Watch with wonder as an eagle catches a shiny fish or as rays of sunlight transform cardinal flowers into a blaze of red against the dark swamp.

Enjoy the historic architecture of the county on one of our walking or driving tours, highlighting a variety of building styles, unique quilt blocks, or historic sites. At Fort Branch, watch a Civil War Battle unfold around you. See some of the original artillery and artifacts on display and tour a pre-Civil War home.

Visit the Senator Bob Martin Eastern Agricultural Center, where you can experience the excitement of a Horse Show or weather the dust storm of a truck and tractor pull or dirt cart race. From trade shows to rodeos, seminars to receptions, this outstanding facility has it all.
